Is it really possible to have the home life you want with the people you love? The most exciting part of any home improvement show is the big reveal—that moment when a drab, run-down house becomes a breathtaking new home. What if you could have that with your home life? That's what the DIY Guide is all about. In it, you'll find practical tools for transforming your home life and dramatically improving your family's culture from Shannon Warden and Dr. Gary Chapman, author of the New York Times #1 Bestseller The 5 Love Languages®. Each chapter teaches you a new home life skill and pairs it with a home improvement metaphor that makes it fun and easy to remember. You can't hire a contractor for this work, but if you're willing to put in the sweat equity (hard work), you'll see results fast. Don't wait any longer. Get started today and give your relational space the renovations it deserves.

Build your dream van. Jumping into van life and living in a home on wheels doesn't mean you need to give up comfort or modernity. This book will guide you through every step, from choosing a van, to designing the layout, to plumbing and electrical systems, to self-building your new dream home -- all in as little as 21 days.- Zero Experience Required. We built our dream van with zero prior experience! Before the build, we had desk jobs -- and had never even touched many of the tools we used.- 220 pages of details. We cover every step of the process with charts, lists, photos, and descriptions to help you design and build your own campervan or motorhome from scratch. - Save Money & Time. We spent 9 months planning for our build, scouring an overwhelming number of articles and videos for the best and most useful information. This book will save you months of research, and help you make fewer mistakes.

More than ever before, bicycle culture is everywhere: from Portland, Oregon, to Portland, Maine, city planners are making big changes to city infrastructure for the increasing numbers of people who are leaving their cars at home and upgrading to two wheels. Biking in the city is no longer just for bike messengers with a death wish. Quarry's The Urban Biking Handbook is a hardworking, illustrated guide to the cycling lifestyle. Not only does it teach tons of repair and maintenance techniques, it shows such popular skills as converting a multiple-gear bike into a fixed-gear bike (or fixie) and how to build a Frankenbike from parts scavenged from several bikes. All techniques and projects are framed by spotlights on urban bike culture worldwide: profiles of bike mechanics, bike builders, bike artists, and more.

Get the know-how to do it yourself. "This lifestyle manual will come in handy when you need anything from a headache remedy to a dirt-cheap wedding." —Entertainment Weekly The modern appeal of "do-it-yourself" projects has a broader reach than ever. And who better to teach us how to DIY our lives than the über-crafty editors of BUST, the quirky, raw, and real magazine "for women who have something to get off their chests"? In The BUST DIY Guide to Life, magazine founders Debbie Stoller (of Stitch 'n Bitch fame) and Laurie Henzel have culled more than 250 of the best DIY and craft projects from its 15-year history. Organized by category—beauty and health, fashion, food and entertaining, career, finance, travel, and sex—and written in BUST's trademark brazen and witty style, this quintessential DIY encyclopedia from the quintessential DIY magazine is eclectic, empowering, hilarious, and downright practical, truly capturing the spirit of women today.

How Do I Promote My Music On A Small Budget? How Do I Get My YouTube Videos to Spread? How Do I Turn Casual Fans Into One's Who Buy From Me? How Do I Get Written About On Blogs? How Do I Increase Turnout At Shows? How Do I Make Fans Using Facebook, Twitter, Tumblr And SoundCloud? With every day that passes, the power the major labels once had dies a little more. The chance to get the same exposure as your favorite musicians gets easier and easier. The hurdles that would only allow you to get popular, if the right people said your music was good enough, are gone. You can now get exposed to thousands of potential fans without investing 1% of what musicians used to by building a fanbase based on listeners love for your music. No more writing letters hoping that A&R writes you back. This book explains how you do it. While many books will tell you obvious information, legal mumbo-jumbo and marketing catchphrases that don't help you get more fans. Our experience working with real bands - from upstarts like Man Overboard and Transit to legends like The Cure, The Misfits and Animal Collective, has led us to understand the insider tricks and ideas that go into some of the most important groups of our time. We produce records, do licensing deals, negotiate record contracts and get the musicians we work with written about on websites like Pitchfork and Vice. We have worked with bands who started off as nothing and became something. Unlike any other book written on the subject we have compiled the knowledge no one else has been willing to print in fear of obsoleting their own career. We give you thousands of ideas on how to get people to hear your music and turn them into fans who pay to support your music. Whether you are a label owner, musician, manager, booking agent or publicist there is information in this book that will help you do what you do better. Enjoy!
