Get the most out of your Google Chromebook Are you the proud new owner of a Google Chromebook and a little—or a lot—intimidated by the technology? You've come to the right place! Chromebook For Dummies walks you through setting up the device, transitioning from traditional computers and working in the cloud, customizing Chromebook to suit your needs, navigating the apps and their uses, and applying advanced settings and features. Fear not: with the step-by-step guidance and helpful information inside, there's no reason to break a sweat. Chromebooks are affordable, fast, and sleek—and with Google driving the initiative, they're impossible to ignore. So it's no wonder they're gaining popularity and enticing people from all walks of life to make the switch from a traditional PC or laptop. If you're one of those people and want to make the most of your experience, this book is a practical user's guide to all things Chromebook. Covers all Chromebooks on the market Provides coverage of all Chromebook features in an easy-to-follow manner Serves as the go-to reference for successfully using a Chromebook Includes step-by-step coverage of everything you'll encounter with your Chromebook If you're a new or inexperienced user who wants to maximize the performance of your Google Chromebook, you'll turn to this friendly guide time and again.

Chromebook are incredible to use but just like PC there are little tweaking to make your experience very goodWhen Google first introduced Chromebooks in 2011, it looked like a wonderful idea, a laptop that can only work a browser, who would want that? But with time, web apps slowly become more powerful and capable, as Google has gradually improved the Chrome OS experience, then Google went even further and added the capability to enable Android apps, and still much more with Linux Desktop appsWhat this means is that Chromebooks of 2019 and 2020 are nothing like the original experience. Today, Chrome OS looks like a modern operating system that provides a first class web browser, mobile apps flexibility and a desktop experience in one box, it can satisfy the need of almost all user, with the notable exception of those who require video or advanced image editingIf you have set your Chromebook up properly that is, let us get that done!The following are tips and tricks to get the best of the ChromebookThis guide will show you the best tips and tricks you need to know to get the best out of your chromebookGet your copy today by scrolling up and clicking Buy Now to get your copy today and get the best from your chromebook

The LNCS volume 9192 constitutes the refereed proceedings of the Second International Conference on Learning and Collaboration Technologies, LCT 2015, held as part of the 17th International Conference on Human-Computer Interaction, HCI 2015, in Los Angeles, CA, USA in August 2015, jointly with 15 other thematically similar conferences.
