New York Times and USA TODAY bestselling author DIANA PALMER returns with a fiery new couple! Wolf Patterson and Sara Brandon are archenemies from ages ago, but mischievous fate has brought the tall rancher with the pale blue eyes together with the dark-haired beauty on nearby Wyoming and Texas ranches. At first, sparks fly, but despite Wolf's misguided notions about the spirited Sara and her indignance over the assorted injustices he has thrown her way, a truce of sorts forms. Suddenly Sara notices Wolf's face, while not conventionally handsome, draws her like no other man has ever attracted her. And Wolf sees into the vulnerable soul that Sara hides from the rest of the world. They are two passionate people with a talent for falling out. Will love be the spark they need to create what they both want the most—a family?

Self-loathing is a dark land studded with booby traps. Fumbling through its dark underbrush, we cannot see what our trouble actually is: that we are mistaken about ourselves. That we were told lies long ago that we, in love and loyalty and fear, believed. Will we believe ourselves to death? from Unworthy As someone who has struggled with low self-esteem her entire life, Anneli Rufus knows only too well how the world looks through the eyes of those who are not comfortable in their own skin. In Unworthy, Rufus boldly explores how a lack of faith in ourselves can turn us into our own worst enemies. Drawing on extensive research, enlightening interviews, and her own poignant experiences, Rufus considers the question: What personal, societal, biological, and historical factors coalesced to spark this secret epidemic, and what can be done to put a stop to it? She reveals the underlying sources of low self-esteem and leads us through strategies for positive change.

Develop compelling character arcs using the power of myth! In the best novels, characters undergo dramatic changes that keep readers turning pages. A Writer's Guide to Characterization shows you how to develop such meaningful character arcs in your own work—stories of transformation that will resonate with readers long after the story ends. In this comprehensive guide, author Victoria Lynn Schmidt examines cross-cultural archetypes to illustrate how they can make your work more powerful and compelling. Plus, you'll learn how to draw from Jungian psychology to add complexity and believability to your characters. Schmidt also provides: 40 lessons on character development (with examples from well-known films and novels) that you can apply to your own work Questionnaires and exercises to help you select male and female archetypes and adapt them to your story 15 classic animal archetypes (including the coyote, snake, tiger, and butterfly) you can use to build convincing character profiles With A Writer's Guide to Characterization, you'll have the information you need to infuse the development of your characters with drama and authenticity.
