Mitchell's is not really a verse by verse translation. He translates only verses that convey what he considers to be the essential themes of each chapter. But he has satisfied my need for knowledge of especially the chapters that Maharishi never covered. Overall I have found Stephen Mitchell to be especially gifted at this sort of work.

Dialogue between the warrior, Arjuna, and his charioteer, the god Krishna, discusses the purpose of war, the importance of duty, and the spiritual nature of existence, in a new translation of this ancient Hindu poem that forms one section of the epic Mahabharata. Reprint. 30,000 first printing.

TOLSTOY CALLED THE ILLIAD A miracle: Goethe said that it always thrust him into a state of astonishment. Homer's story is thrilling, and his Greek is perhaps the most beautiful poetry ever sung or written. But until now, even the best English translations haven't been able to re-create the energy and simplicity, the speed, grace, and pulsing rhythm of the original. In Stephen Mitchell's Iliad, the epic story resounds again across 2,700 years, as if the lifeblood of its heroes Achilles and Patroclus, Hector and Priam flows in every word. And we are there with them, amid the horror and ecstasy of war, carried along by a poetry that lifts even the most devastating human events into the realm of the beautiful. Mitchell's Iliad is the first translation based on the work of the preeminent Homeric scholar Martin L. West, whose edition of the original Greek identifies many passages that were added after the Iliad was first written down, to the detriment of the music and the story. Omitting these hundreds of interpolated lines restores a dramatically sharper, leaner text. In addition, Mitchell's illuminating introduction opens the epic still further to our understanding and appreciation. Now, thanks to Stephen Mitchell's scholarship and the power of his language, the Iliad's ancient story comes to moving, vivid new life.

A brilliant new version of the Odyssey from one of the most accomplished translators of our time. "Sing to me, Muse . . ." It has been said that a myth is a story about the way things never were but always are. The Odyssey is the original hero's journey, an epic voyage into the unknown, and has inspired other creative work for millennia—from ancient poetry to contemporary fiction and films. With its consummately modern hero, full of guile and wit, always prepared to reinvent himself in order to realize his heart's desire—to return to home and family after ten years of war—the Odyssey now speaks to us again across 2,600 years. In words of great poetic power, Stephen Mitchell's translation brings Odysseus and his adventures vividly to life as never before. Full of imagination and light, beauty and humor, this Odyssey carries you along in a fast stream of action and imagery. One-eyed maneating giants; irresistibly seductive sirens; shipwrecks and narrow escapes; princesses and monsters; ghosts sipping blood at the Underworld's portal, desperate for a chance to speak to the living; and the final destruction of all Odysseus's enemies in the banquet hall—these stories are still spellbinding today. So, too, are the intimate moments of storytelling by the fire, of homecoming and reunion, fidelity and love—all of greater value to Odysseus, and to us, than the promise of immortality. Just as Mitchell "re-energised the Iliad for a new generation" (The Sunday Telegraph), his Odyssey is the noblest, clearest, and most captivating rendition of one of the defining masterpieces of Western literature. Mitchell's muscular language keeps the diction close to spoken English, yet its rhythms re-create the oceanic surge of the ancient Greek. The first translation to benefit from modern advances in textual scholarship, Mitchell's Odyssey also includes an illuminating introductory essay that opens the epic still further to our understanding and appreciation and textual notes that will benefit all readers. Beautiful, musical, accurate, and alive, this new Odyssey is a story for our time as well as for the ages.

A widely celebrated translator's vivid, accessible, and elegantly concise rendering of an ancient English masterpiece Beowulf tells the story of a Scandinavian hero who defeats three evil creatures--a huge, cannibalistic ogre named Grendel, Grendel's monstrous mother, and a dragon--and then dies, mortally wounded during his last encounter. If the definition of a superhero is "someone who uses his special powers to fight evil," then Beowulf is our first English superhero story, and arguably our best. It is also a deeply pious poem, so bold in its reverence for a virtuous pagan past that it teeters on the edge of heresy. From beginning to end, we feel we are in the hands of a master storyteller. Stephen Mitchell's marvelously clear and vivid rendering re-creates the robust masculine music of the original. It both hews closely to the meaning of the Old English and captures its wild energy and vitality, not just as a deep "work of literature" but also as a rousing entertainment that can still stir our feelings and rivet our attention today, after more than a thousand years. This new translation--spare, sinuous, vigorous in its narration, and translucent in its poetry--makes a masterpiece accessible to everyone.

A renowned writer and translator presents an anthology of essential quotations from the masters of spiritual wisdom. The most powerful messages are the simplest ones. With that in mind, Stephen Mitchell has selected one hundred illuminating sayings from the great Eastern and Western literary and spiritual traditions. Ranging in length from one sentence to a dozen lines, the brief passages in "The Essence of Wisdom convey the life-transforming insights of the Buddha, Lao-tzu, Heraclitus, the Zen and Sufi masters, Spinoza, Blake, Emerson, Rilke, and other sages. The book is arranged to follow the course of the inner life from its beginning to the fullest embodiment of wisdom. Each quotation stands alone on the page. Each is a meditation in itself, meant not only to be read, but to be absorbed and reflected upon. This remarkable book gathers the words of the world's deepest thinkers and spiritual teachers, and speaks to us in the clear voice of enlightenment. \*From the Hardcover edition.

From the author of The Gospel According to Jesus comes a new adaptation of the psalms. Leading biblical scholar and translator Stephen Mitchell translates fifty of the most powerful and popular bible psalms to create poems that recreate the music of the original Hebrew verse.

An interlinear edition of the spiritual classic that provides devanagari, transliterated Sanskrit, and English versions of the GIt.

Enhanced by Stephen Mitchell's illuminating commentary, the next volume of the classic manual on the art of living The most widely translated book in world literature after the Bible, Lao-tzu's Tao Te Ching, or Book of the Way, is the classic manual on the art of living. Following the phenomenal success of his own version of the Tao Te Ching, renowned scholar and translator Stephen Mitchell has composed the innovative The Second Book of the Tao. Drawn from the work of Lao-tzu's disciple Chuang-tzu and Confucius's grandson Tzusu, The Second Book of the Tao offers Western readers a path into reality that has nothing to do with Taoism or Buddhism or old or new alone, but everything to do with truth. Mitchell has selected the freshest, clearest teachings from these two great students of the Tao and adapted them into versions that reveal the poetry, depth, and humor of the original texts with a thrilling new power. Alongside each adaptation, Mitchell includes his own commentary, at once explicating and complementing the text. This book is a twenty-first-century form of ancient wisdom, bringing a new, homemade sequel to the Tao Te Ching into the modern world. Mitchell's renditions are radiantly lucid; they dig out the vision that's hiding beneath the words; they grab the text by the scruff of its heart, really--and let its essential meanings fall out. The book introduces us to a cast of vivid characters, most of them humble artisans or servants, who show us what it means to be in harmony with the way things are. Its wisdom provides a psychological and moral acuity as deep as the Tao Te Ching itself. The Second Book of the Tao is a gift to contemporary readers, granting us access to our own fundamental wisdom. Mitchell's meditations and risky reimagining of the original texts are brilliant and liberating, not least because they keep catching us off-guard, opening up the heavens where before we saw a roof. He makes the ancient teachings at once modern, relevant, and timeless. Listen to a special podcast with Stephen Mitchell:

A fresh, new prose translation of the classic Indian poem, ideally focused for students and teachers and for yoga teacher training The Bhagavad Gita, a small section of the massive Sanskrit epic the Mahabharata, is one of the central texts of Indian culture and philosophy, and one of the great works of world literature. It has been translated into English many times since 1785, and has had a profound influence in America, beginning with the transcendentalists and continuing today. It is taught in introductory world literature, religion, and Eastern religion courses, and is often prescribed in yoga teacher training courses because it explains the core principles of Vedic philosophy, which are central to yoga practice. Some of the currently available translations are in verse and, while well crafted, often do not accurately reflect the forms, sounds, and rhythms of the original. Older scholarly translations convey little feel for language. George Thompson's intention is to be as accurate and engaging as possible, and to create a translation that has scholarly bona fides, literary sensibility, and greater accuracy than previous translations. He emphasizes the social, historical, literary, and philosophical contexts surrounding the text. His introduction explains the development of Hindu thought and where the philosophy of the "Gita" fits historically, along with a history of the text and its place in Indian literature and philosophy and history..

The theme of The Book of Job is nothing less than human suffering and the transcendence of it: it pulses with moral energy, outrage, and spiritual insight. Now, The Book of Job has been rendered into English by the eminent translator and scholar Stephen Mitchell, whose versions of Rilke, Israeli poetry, and the Tao Te Ching have been widely praised. This is the first time ever that the Hebrew verse of Job has been translated into verse in any language, ancient or modern, and the result is a triumph.
