Social media is exponentially more effective and accurate and has much better ROI than traditional advertising and media. Social media marketing is not an option anymore. Your customers - no matter who they are - expect you to reach them the way they communicate. The vast majority of companies have inadequate social media marketing strategies.

It's finally here! In this short and powerful book, network marketing experts Ray and Jessica Higdon teach you proven strategies for marketing and prospecting that allow you to navigate your way through the social media maze and achieve freakishly effective results for your business. Social media has been called the "gold rush" of the 21st Century--a new, uncharted world where people in virtually every industry have found fame and fortune. This includes Network Marketing. The trouble is, as with the gold rush of the mid-1800s, the wild west atmosphere has left a lot of network marketers feeling lost and confused. Worse still, the short-term tactics being used cause unintentional harm to the reputation of the

Do You Want More Sales? Do You Want More Website Traffic? Do You Want To Build Your Own Personal Influencer Brand? Of course you do! Whether you're an established entrepreneur, a business start-up, or an aspiring online influencer, social media marketing can help you achieve incredible results! Yet if you want to grow your business or brand, there are so many different (and confusing!) social platforms and ad products to choose from; whether they be Facebook Lead Ads, to Instagram Stories, to Youtube TrueView Videos. But if you want to build a social media marketing plan that is both cost-effective and profitable, then you need to realize that online marketing is more than simply picking the right ad product or platform... social media marketing is all about having a multi-platform mindset. By leveraging the attention-grabbing power of Facebook, Youtube, Instagram and LinkedIn collectively, you can create your own incredible marketing engine -- one that can grow your follower count, generate sales, capture clients, and drive traffic towards your ecommerce store or website. You see, it is easy to get confused when you first decide to tackle online digital marketing. And even with all the time in the world, you won't be able to grow your brand on every single media platform out there. But if you streamline your attention towards a few key platforms -- taking the time to fully utilize just a couple of key advertising products -- you could get some amazing results. This is where Social Media Marketing Power Mindset comes in! You see, almost anyone with a Facebook account could run a Facebook ad. But what does it take to run a successful Facebook Advertising campaign? Instagram Story Ads, on the other hand, are one of the most effective branding tools available to entrepreneurs and influencer's alike. And yet so few people even realize just how to take advantage of these incredibly low-cost, high-converting adverts. Well, in Social Media Marketing Power Mindset, you are going to learn how to use these marketing tools and products -- plus so much more -- to full effect. Broken down into a series of information-packed mindset-building snippets and sound-bites, Social Media Marketing Power Mindset is a book designed to help you change your mentality from that of an Ordinary Social Media User into a Smart Social Media Master. Inside This Book: Why Social Media Marketing Is So Effective At Capturing Peoples Attention... .. and how you can use the psychology of social media for your own personal brand. Learn How To Avoid These Common Digital Advertising Mistakes... .. helping you to keep your advertising spend low, and profits high. Find Out How To Turn Instagram 'Likes' Into 'Leads'... .. and make your profile feed your own personal cash-cow. Discover How You Can Use LinkedIn's Organic Reach To Generate A Flood Of Free Traffic... .. without needing to spend a single advertising dollar. And So Much More! "People buy from people they know and trust. That's always been true. What's changing, however, is how people are buying. Online purchasing is redefining the buyer/seller relationship and the winners will be those who can form meaningful, authentic relationships with their digital communities ... Kim Garst not only helps you find your authentic voice but use it to create meaningful, long-term, business-building relationships through the greatest marketing tool of our generation - social media"--Publisher's description.

A powerful, visual framework helps managers discover how employees really communicate and collaborate to get work done - and helps them identify ways they can influence these social networks to improve performance and innovation. In The Hidden Power of Social Networks, Cross and Parker, experts in "social network analysis"—a technique that visually maps relationships between people in large, distributed groups - apply this powerful tool to management for the first time. Based on their in-depth study of sixty informal employee networks in well-known companies around the world, Cross and Parker show managers how to conduct a social network analysis of their organization.

Two world-class social media marketers, Jim Lupkin and Brian Carter, teach you how to build and grow your distribution network with Facebook, which gives you direct access to more than 1.32 billion people. Wether you're a beginning or advanced network marketer, you will learn how to get people to try samples, buy products and become distributors, and you'll master the most natural ways to make new connections and nurture those relationships.

These marketing secrets are what set the top earners apart from the rest -- they're simple, straightforward, and easy to apply. Let's get started... Does the constant hunt for more consistent leads feel like it's taking you nowhere? Maybe instead of raking in the profit you thought you'd be, you instead find yourself feeling overwhelmed and stressed out. Or perhaps you're actually pretty good at attracting potential clients, but somehow no one ever seems to finalize their purchase. These are very common issues to be facing, so don't worry about feeling like you're doing something wrong. The truth is, even if you have a stellar marketing plan in place and are consistent with your promotion strategy... it still might not be enough. People don't want to feel like they're being sold, and they're more aware of this than ever before. In today's world -- with mega marketing around every corner -- it can be hard to attract the right client, even if your product is truly top-notch. On top of that, people get very easily distracted, and lose interest at an alarming rate. But this doesn't have to be a constant uphill battle for you. The same tech that's oversaturated the marketing industry and left your clients with the attention span of goldfish is something you can use to your advantage. Social media is one of the greatest assets in network marketing to have ever hit the scene -- and once you know how to use it properly, both profit and fun

Publishers Weekly says "Ramnarayan provides a detailed, contemporary primer that illuminates the promise and peril of the brave new world of social media. Ramnarayan herself acknowledges that social media is no panacea-her crisp presentation, with chapter summaries to highlight the main pointers, confirms that companies that choose not to listen to customers stand to lose ground to competitors who do." WHAT OTHERS ARE SAYING ABOUT THE BOOK "Sujata Ramnarayan's excellent book does several things that I have not seen in other treatments of this subject. She takes a reasoned perspective on a topic that is often full of hyperbole. The book is filled with advice for the marketer that is both practical and strategic. It helps the marketer to leverage social media where it can best impact business performance. I highly recommend the book." - Gordon Wyner, Editor-In-Chief, Marketing Management "This practical guide to social media marketing cuts through the noise with clear advice on how to turn strategy into practice. With the help of effective charts and analysis, the reader can gain real insight into social media's influence in corporate marketing. By showing how building quality content in social media is no longer an option for corporations, this is also a lesson in building a brand by listening to your customers. " -Rajesh Subramaniam, SVP, Global Marketing and Customer Experience, FedEx Services "Owned social media presence is critical to generating earned media, which is where the growing value and rewards come in for social media marketing. This important book will help you to understand these concepts and reality to better evaluate, plan, and execute your social media marketing efforts." - Devin Redmond, CEO and Co-Founder, SocialiQ Networks "Are you overwhelmed by the changing digital landscape? If so, Sujata's book is a must read with actionable insights, tips on digital sharing, and more." -Porter Gale, Former VP of Marketing at Virgin America and author of "Your Network is Your Net Worth" ABOUT THE BOOK Like most marketers, you are drowning in social media noise and chaos. Businesses have simply jumped in without tying social media outcomes to any business objectives. The purpose of this book is to help you: - See how social media fits into your overall marketing strategy - Understand how best to develop social media with allocation among different tools - Figure out the extent to which social media is relevant to your business or department, and how best to implement it given an increasingly digital world of sharing and an empowered customer voice Whether you are a senior manager experienced in social media marketing or a novice, this book will help clarify how social media fits into your overall marketing strategy, how much you should be allocating given the return on investment, and at what time frame you should be looking, depending on the specific metrics adopted. This book will help you focus more and understand all the different elements to which you need to be paying attention. If you are a novice, the glossary and additional resources sections at the end of the book should be helpful.
