What is the 80/20 Principle? The 80/20 Principle tells us that in any population, some things are likely to be much more important than others. A good benchmark or hypothesis is that 80 per cent of results or outputs flow from 20 per cent of causes, and sometimes from a much smaller proportion of powerful forces.

The 80/20 Principle: The Secret of Achieving More with Less  
The Pareto principle states that for many outcomes roughly 80% of consequences come from 20% of the causes (the "vital few"). Other names for this principle are the 80/20 rule, the law of the vital few, or the principle of factor sparsity.. Management consultant Joseph M. Juran developed the concept in the context of quality control, and improvement, naming it after Italian economist ...
